

GMO-Free Affidavit

Osborne Quality Seeds does hereby attest that no item in its product line contains GMOs (AKA genetically manipulated or modified organisms, genetically engineered products, or biotech products) nor has it been manufactured using genetically engineered organisms. Hybrid seeds sold by Osborne Quality Seeds are manufactured through traditional plant breeding practices only.

Osborne Quality Seeds does hereby further attest that it intends to never sell GMO products.

Signed,

A handwritten signature in black ink, appearing to read "Ted Bartlett", is positioned below the "Signed," text.
